MASON COUNTY HAS MADE LIBERAL DONA-**TION TO CHINA FUND**

District Chairman R. A. Cochran Reports \$650.92 Contributed In the County To the

Fund. The following communication is

self-explanatory:

"Editor Public Ledger: "Below is a list up to date of contributors to the China Famine Fund from Mason County.

"At the beginning of the campaign, Mr. Peters, the Mason County Chairman, and myself decided not to make the appeal in the form of a drive but would present the cause and then leave it to the consciences of the good people of the city and county. The total amount of \$650.92 has been given without personal solicitation and certainly speaks well for the generosity of the people:

"But the end is not yet and you will see from the enclosed letter from the director of publicity that help is needed until August.

"If there are others who wish to contribute, kindly mail checks to Rev. W. S. Peters, Maysville, Ky., Joseph Burge, Treasurer, Louisville, Ky., or

RAILROAD MAY BE ELEC-TRIFIED AND EXTENDED

Proposed Electric Plant at Brooks ville Would Furnish Power To Neighbors.

The Brooksville Review says:

"Mr. Barrett Water of Cincinnati spent several days here the past week in the interest of installing new power plant with three oil burning engines and two generators, which will furnish us with a twenty-four hour current, at a much cheaper rate than we are now getting. The plant will be large enough to accommodate Germantown, Powersville or any other neighboring town, with which Mr. Waters hopes to be connected in the near future.

"It is unofficially rumored that the Brooksville & Ohio River Railroad Co., operating between this place and the C. & O. at Wellsburg will electrify its equipment and probably extend its line, the two objective points being given at Mt. Olivet or Cynthiana.

"While we do not vouch for the re port of this greatl ydesired improvement, we can readily see where it may be a stern realization in the future."

MEMORIAL DAY TO BE OBSERVED VERY QUIETLY MONDAY

Daughters of the American Revolution and American Legion Will Decorate

Graves Short Services at Three Cemeteries,

Memorial Day will be quietly celebrated in Maysville this year. So far as is known at this time, two local organizations will take part in honoring the heroes of the past wars on Monday and three different cemeteries will be visited during the day.

The Maysville Chapter of the Daughters of the American Revolution has planned the first Memorial Day celebration that has been held in the old cemetery in the rear of the Washington Opera House for probably more than a half century. In this old grave | \$12,000 and \$30,000. yard, which has been grossly neglected for many years, lie buried many veterans of the War of Freedom and at 2 o'clock Monday afternoon the members of this organization and their friends will gather at the old grave yard where very appropriate services will be held. The chief address will be made by Hon. James N. Kehoe. Mrs. Clarence L. Wood will Dr. and Mrs. Edwin Matthews, of give an appropriate reading and the Third street, are today celebrating devotional services will be in charge the twenty-fifth anniversary of their of Dr. John Barbour, of the Presbytermarriage. The following out-of-town ian church. The graves of the Revolutionary War veterans will be deco-

Leslie H. Arthur Post American Legion will hold a short service in the Maysville cemetery. The officers of the Post are not able to announce the name of their speaker at this time but an interesting address will be delivered. The graves of the World War Veterans will be decorated with the official wreath of the American Legion. A company of American Legion members will also visit St. Patrick's cemetefy at Washington where the graves of comrades buried there will also be adorned with the of-

The local post Grand Army of the Republic has long since surrendered its charter but the friends and relatives of the brafe Civil War heroes will not forget these veterans and their graves will be appropriately decorated during the day at all cemeteries

The heroes of the Spanish-American War will also be remembered and their relatives and friends will see that their graves are properly deco-Maysville will present beautiful sights on Monday and it is expected that all these cemeteries will be crowded dur-

HORSESHOE BAND WINS HEARTS OF THE PEOPLE.

The first public concert of the Horseshoe Band was given Friday evening at the band stand in Market street and one of the largest crowds that has ever attended a band concert was on hand to "root" for the "little" band. Their program was delightful and the Cardinal band will have to get up and go some if they are not caught by this new band within a very short time. The volume of the Horseshoe band is a feature and they play with great ease.

MR. MARTIN RAMSEY DEAD.

It has just become known here that Mr. Martin Luther Ramsey, a native of Maysville, died at his home at Williamsburg, Ohio, this week. Mr. Ramsey was born in 1844. He was a veteran of the Civil War, having enlisted for the first time when only 17 years of age. He was with General Sherman on his march to the sea and was wounded at Fort McAllister. He is survived by his wife and six children. Burial was made at Williamsburg.

SCHOOL BOARD MEETS TUESDAY.

The City Board of Education will hold its regular monthly meeting at the High School building on next Tuesday evening. This is a very important meeting of the board as there will be but one other during the presschool year.

WONDERFUL COSTUMING.

The big feature, "Straight From Paris," shown at the Washington theater Friday evening was seen by a very large audience. The picture was a great one and the costuming was probably as elaborate as has ever been seen here on the screen.

BARBER SHOPS TO OBSERVE MEMORIAL DAY.

LAWRENCEBURG WHISKY WAREHOUSE IS ROBBED

Thirty Thousand Dollars Worth of Liquor Is Stolen at Lawrenceburg.

Lawrenceburg, Ky., May 28. - Fifeen armed bandits early today raided the T. H. Bond & Bro. distillery, four miles from this city, and carried away truck load of whisky. They are thought to have been a part of the same gang of bandits who on the night of May 6 raided the Dowling distillery near here and trucked away 138 cases of whisky, as the truck used in the raid last night was the one which these bandits had abandoned.

The raiders obtained, according to reports here, between twelve and thirty barrels of whisky belonging to Diehl & Co. of Cincinnati, which was stored in the warehouse. The whisky would have a retail value of between

The men last night repaired the took it to the Bond plant, and after overcoming and binding the guards, cian Delbert Carlisle and Alfred Byrnes, loaded it with whisky and drove back toward Lawrenceburg. The men cut out all telephone wires in the neighbor hood and also cut out the wiring on the motor cars of the two guards to

LOUISVILLE DOCTOR FIGURES IN LIQUOR

Physician Is Alleged to Be Implicated Eminence Liquor Theft and Versailles Bond

Deal.

Louisville, Ky., May 28. - Mystery surrounding the theft from the mails \$18,000, after they had been forwarded at Versailles the night of February 21, remained unsolved after the arraignment yesterday of Dr. Clifford S. Good- Munzing. man on a charge of having some of the stolen securities in his possession. But a mysterious whisky transaction has been revealed through the arrests.

Dr. Goodman pleaded not guilty and was released on a \$2,500 bond. David T. Nichol, superintendent of the Eminence Distillery, was released on a truck, which had been damaged, and similar bond Thursday, after having been jointly accused with the physi-

> Federal officials yesterday admitted that the physician had told them that an alleged debt which Nichol paid with the bonds, was for a whisky transaction in which the physician acted as go-between for a Louisville bootlegger. The physician told postal inspectors on his first visit to their office here, they said, that he had received the bonds from a man named "Barringer, Tulsa, Okla.," who gave them to him for an oil lease which the physician had purchased for \$275.

Mr. Nichol yesterday denied any complicity in a whisky deal. However, after Dr. Goodman was first examined by postal inspectors, he amended his first story and told of the whisky transaction between Nichol and a Louisville bootlegger. It was then that Dr. Goodman received the bonds as a commission, the Federal authorities

SAPIRO WILL COME TO MAYSVILLE TO **ADDRESS GROWERS**

Author of Proposed Co-Operative Tobacco Marketing Plan Will Visit Maysville During June to Explain System Proposed.

It became known here Saturday afternoon that Aaron Sapiro, California co-operative expert, who is the author of the proposed Burley tobacco co-operative marketing system, will visit Maysville during June to explain

the plan to farmers of this county. An effort was made to have Mr. Sapiro, who is now making a trip over Kentucky explaining the system, address the bankers of Groups Six and Nine of the Kentucky Bankers' Association which meet in Beechwood Park on June 8th but he will be unable to reach Maysville by that time but will

come later in the month. Many local tobacco men heard Mr. Sapiro's address in Lexington a few days ago and have returned home much enthused over his system. Judge Robert W. Bingham, of Louisville, is putting much into the preent campagin which he thinks is the solution of the Burley Tobacco Growers' problems as it has been of the fruit growers of California.

RUDY PROPERTY SOLD.

The property of the late Perry W. Rudy was sold at public auction at the court house by Master Commissioner Sulser this afternoon. It was purchased by Mr. John R. Haggerty for \$1750.

ALLEN-BRADFORD.

Hobart Floyd Bradford, aged 24, and Miss Sylvia Mae Allen, aged 21, both of Maysville, were married Saturday morning by Rev. W. S. Peters, pastor of the Third Street M. E. church.

CLARENCE MATHEWS Editor and Manager Entered at the Postoffice, Maysville, Kentucky, as Second Class Mail Matter RATES IN ADVANCE: By Carrier or Mail, \$3 per year; \$1.75, Six Months;

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise view on the business outlook in Eu-, Adamson bill — the most outrageous to carnestly and consistently oppose all things that are not for the good of the county as a whole.

YALE STUDENTS CAUGHT CHEATING MUST GET OUT; HONOR SYSTEM VINDICATED.

It is to the credit of the student body of Yale that little sympathy is extended toward expelled classmen who "cribbed" on their exam- clous stone on the outside, we would hill to ruin and destruction are justiination. These students are plain, ordinary cheats—dishonest and soon see a marked betterment in all fied in doing nothing except to bewail without excuse. Thirteen others have been suspended for failing to inform on the offenders. The thirteen are scarcely less culpable than the eight who undertook to obtain credit marking under false pre

The traditional prejudice against "snitchers" cannot be cited in this case. In the first place the "honor system" has been in vogue for five years at Yale, and this honor system imposes specific duties upon the students themselves. Besides, in an earlier day, the refusal of undergraduates to "inform" did not apply to matters involving turpitude and immorality.

College pranks, due to an excess of animal spirits, so long as they do not imply viciousness or lack of principle, are forgivable; and pupils who refuse to report such lapses to the faculty are quite easily understood. But sympathy for "cribbers" and "cheats" is something unusual, if not new, in college life.

It is gratifying to know that punishment in the cases cited is the followed recommendations by the student discipline commitee.-New York Telegraph.

Marriage is somewhat like a furnance; you stand such a good chance of being burnt. The fires of hell are not hotter than the furnace of hate, seating suspicion, burned out hopes, the cold ashes of dead leve.

twentieth century will leave New York Americanization. in two months. It's the first to start for the "great, wide west" in this generation, and in spite of the fact that the caravan will be made up of 128 motor cars, it is after all pretty much the same thing as the trains of prairie schooners which crept across the continent half a century ago. The "emigrants," the 128 families who will go in the motor cars, are all native Americans. They are not seeking freedom from oppression nor religious liberty nor a chance to earn a living. Their object is wholly to get away from this biggest city to rear their children where there is room and air and ground. The plan grew out of vacation tours taken by two of the men and their families. After the idea was born they wrote various commercial clubs and state officials of the west, and partly because the governor of Idaho was the first to answer their letters, it is Idaho for which the caravan will be bound. Five thousand acres of land have been taken there.

It was a gala day at the Metropolitan Opera House the other day when Enrico Caruso surprised the house staff by dropping in for a call, the first time he has been able to step into his beloved opera house since he was first taken ill. Very few artists were about, most of them having returned to Europe for the summer, but those there hastily organized a nenthusiastic reception committee and were voluable in their delight at the return to her office was humming at her work health of the master singer. Caruso is The ex-teacher didn't approve of such assured now that after a summer in informatlity in working manners. 000000000000000 Hogs Suffer Unless Provided Shade. In view of the fact that hogs are non-sweating animals they suffer greatly from the hetat during the summer months unless given some protection in the form of shade or water for wallowing purposes ,according to animal husbandrymen. Concrete wallowing tanks are satisfactory for keeping the animhals cool but where it is impossible to have these shade has been

relief. If there are no trees in the pasture field to afford the necessary relief from the heat of the sun a good shelter may be constructed by setting some short posts i nthe ground cov ering enough space so that all the hogs can get under without crowding. Some two by four-inch or other light lumber may be nailed to the top of these posts and then covered with light boards to form a roof. The boards must be nailed down to prevent their being blown off by the wind. If the owner wished the building for permanent shade rafters can be set up and the structure made more com-

A shed-roof type of building fourteen feet long and five and one-half feet high in front sloping down to three and one-half feet high in the back has given satisfactory results at the College of Agriculture farm, accordin gto Prof. E. J. Wilford. No sides are put on the building as a free circulation of air is desirable.

Where concrete wallowing tanks are sed for keeping hogs cool a small amount of oil should be placed in the water to prevent contamination and to assist in keepin gthe animals free from lice.

Club Members are Told

How To Raise Soy Beans. Complete instructions for boys' and girls' club members on the growing of soybeans as a club project are contained in Circular No. 94 which has just come off the press at the College Agriculture. Complete details coneerning the crop from the time of inoculation to harvest are given in the publication. It also contains information relative to the keeping of a club record book on the soybean project. The circular may be obtained free by writing the Experiment Station, Lexington.

Well-Prepared Seed Bed

Gives Bigger Crop Yields. Big clods are not conducive to big crop yields, according to specialists on soils, who declare that practically every soil will respond to careful and care of the crop in addition to preparation of the seed bed before planting. A seed bed well-prepared is a crop half-tilled even before the planting is made ,they state,

Discing before plowing has been found to be one of the best means of mixing the soil to fill all air spaces, to prevent the loss of foisture and to establish capillary connection with the soil below, according to R. E. Stephenson, crops extension specialist from the College of Agriculture. Diskin gmanure and crop residues into the surface soil has been found to be especially desirable. Unless this method never become mixed with the soil and the moisture supply from the substoil will be cut off.

In spite of the fact that the recommendations made are important a

was elected president, and Charles D. her feet she proceeded to entertain the great many defects of plowing may be is found in the average Sunday school sands of Sunday schools throughout Orth, of the National Security League, twenty workers present with a feeling remedied by thorough disking and pulhas been put to continent-wide usage verization of the soil after the plowin gis completed. Soil cannot be overworked except when wet. Careful preparation is even more important

> clined to become lumpy and allow the moisture to escape.

on poor soils, since these are more in-

The surface soil which the plow turns under and which later feeds the roots of the plant is more fertile than the sub-surface soil but since roots cannot enter clods much of this fertility will be lost unless the seed bed is carefully prepared. On many fields as much as one-fourth to one-half of the fertility is locked up in useless clods on the surface. To pulverize all the soil and reduce it to small particles means feeding the crop from all the fertility in the surface soil instead of from only a part of it. If found to be the most practical form of careful preparation of the bed cannot be made before seeding it should be done immediately after.

Early Tillage Will Save Soil Moisture.

Earl ytillage has been found to be the most effective means of storing

and saving the moisture in early spring rains to bridge ove rthe drouths which come later in th summer, ac cordin gto members of the Soils and Crops Department of the College of Agriculture. This method of tillage is more satisfactory than that which is practiced after the drouth has ar-In order to thoroughly mix and

mulch the surface tillage should be started immediately after plowing. A mulch which is obtaine d at that time has been found to be more important for saving moisture than one which is obtained after a large growth has been established since most of the moisture is taken up by the plants before there is time for evaporation after the crop has become large enough to send its roots through the soil. The same tillalsot start germination of weed seeds making it possible to kill most of the weeds by continued cultivation.

The importance of saving soil moisture is shown by the fact that 300 to 500 pounds of water are required to primary. produce a pound of dry matter in the form of a crop. Weeds use as much water and also os much plant food as portant that they be controlled.

Junior Farmers Told

tucky if given proper treatment, according to Circular No. 93, whichis announce MIKE BROWN as a candi-ready for distribution at the College date for the Democratic nomination of Agriculture and which is ready for SHERIFF of Mason county at the distribution at the College of Agri-culture and which is intended to serve as a guide to junior agricultural club members growing the crop as their club project. It contains complete details relative to sowing, harvesting other information of interest to club members. The publicatino may be obtained free by writing the Experiment Station, Lexington.

MAKING RELIGIOUS EDUCATION POPULAR.

The International Sunday School Association is a great Interdenominational Sunday school organization which, with its constituent bodies, constitutes the largest organization for the promotion of Christian work that exists outsid ethe denominations themselves.

The association accomplishes its Sunday school associations consisting of 65 state and provincial associations, and approximately 10,000 district and township associations.

A volunteer army of nearly 300,000 men and women serve as officers of these several thousand organizations. This vast machine serves more than 175,000 Sunday schools in the country, by bringing to them the most improved plans and methods of work, and thus seeks to bring all Sunday schools up to the highest possible level of efficiency. Thus through the thausands of conventions, institutes, training conferences, special campaigns and tion of the Democratic voters at the the personal contact with local schools August primary. through the county and district association officers and leaders, every Sunation officers and leaders, every Sun-day school in the land is benefited by this vast system of organization that links up the local school with the dis- COUNTY CLERK of Mason county trict, the district with county, the subject to the action of the Democratic county with state and the state with the international association which is the great driving force back of the whole machine.

Association -s a discovering and producing organization whose function it is to pass on to the Sunday schools of the country the very best, and approved methods of Sunday school work. To do this effectively it maintains its great system of state, county, city and district associtions. There is the minimum of delay and inefficiency in the functioning of this great machine. Within an amazingly short time after the release of new plans from the international headquarters, the message has worked its way down the line until it reaches practically every Sunday school in the country, from the largest city school to the remotest little Sunday school in the coal towns of Pennsylvania or the back hills of the Ozarks in Missouri.

Take for example the plans for the national mother and daughter celebration, which was observed in all parts of the country, A suggested program for this celebration was sent to the state associations which in turn sent out printed programs by the thousands to the county associations. The counmachine brought their district units into play, schools were visited in the interest of the event, plans were preented and explained in hundreds of elebration, with the result that thou- astrous.

the land observed what has proved to be one of the most profitable of the special days of the Sunday school. The mothers are brought into the Sunday The international Sunday School school, older girls are brought back again, after having drifted away and again, after having drifted away and untold good will come from this effort that had its origin in the inter-

national association. It is to increase the effectiveness of this type of work that the International Sunday School Association and the Sunday School Council of Evangelical Denominations are uniting their forces to make possible a national program of religious education. The campaign of for \$150,000 is to help inaugurate this new movement.

SEES DISASTER IN

BIG TOBACCO CROP. Danville, Va. - The enormous overproduction by the tobacco farmers in the Bright belt is accentuated in the annual report on local market conditions made by W. Crews Wooding, president of the Danville Tobacco Association. In a final plea to the tobacco growers to materially reduce their acreage this year, he poinst out that the normal crop of bright tobacco is approximately 350,000,000 pounds and that this quantity has been found sufficient for the trade's demands. The 1920 crop reached 675,000,000 pounds. making a surplus of 325,000,000 pounds, he stated. Unless the 1921 enventionse and institutes. Special crop is cut very materially, Wooding ommittees were named to head the declares, the next season will be dis-

DAYS OF DIZZINESS.

Hundreds of People.

There are days of dizziness; Spells of headache, languor, back-

Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially

for kidney ills.
Endorsed in Maysville by grateful friends and neighbors. Ask your

Mrs. J. W. Ishmael, 225 East Fifth street, Maysville, says: "I had been a sufferer from kidney trouble for many years. I think I inherited it as my mother died of dropsy. My kidneys were in a weak condition and at times they acted too often. My back ached the street of the s as the misery was still there. I had dizzy spells and could see flashes before my eyes and everything turned black before me. A friend told me about using Doan's Kidney Pills with benefit so I sent to Swift's Drug Store attention to the evils that result from and got two boxes. After using them I got better and have felt like a dif-

ferent woman ever since. I can't re-commend Doan's too highly."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mrs. Ishmael had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

is the great obstacle to all community effort.

A Chinaman may begin at the top to buid his house, but an American hood Christian. Deut 16:18- Q cannot do this. He must begin with the foundation. So to reform a community we must begin with the individual and bring him to the fountain O of cleansing which is the atoning blood of the Lord Jesus Christ which alone can purify the heart. All other plans will fail to bring that re-The first step towards making a lief to a community so much desired, good community is to make the people so much discussed, so much urged. good.
